

# ACCESSORIES

## DRIFT CUTTERS KIT

72406900 - \$26

- For use on 921 and 926 Series Sno-Thro® models.
- Helps your Sno-Thro® tackle drifting and packed snow.
- Directs snow drifts into the auger housing for quick discharge.

## FRONT WEIGHT KIT

72406500 - \$66

- For use on 920, 921 and 926 Series Sno-Thro® models.
- Adds 10 lb to the front of your snowblower to equalize weight distribution to get a cleaner surface.

## HANDWARMER KIT

72101400 - \$88

- For use on 920 and 921 Series Sno-Thro® models.
- To keep your hands warm on cold winter days.

## PREMIUM SNO-THRO® CAB

72103300 - \$255

- For use on all two-stage Sno-Thro® models and on Power Brush models.
- Very spacious, it has a rugged steel frame resistant to wind and heavy snowfall.
- Great cabs to protect you against wind, rain and snow blow back.

## COMPOSITE SKID SHOES KIT

72603100 - \$45

- For use on all two-stage Sno-Thro® models.
- Durable polyethylene resists wear while providing protection for the decorative surfaces around your home.

## SNO-THRO COVER

72601500 - \$57

- Fits all models.
- Waterproof, washable and tear-resistant, this Ariens branded cover protects your Sno-Thro® when it is not in use.

## WARRANTY • FINANCING

**3** YEAR  
LTD. RESIDENTIAL  
WARRANTY

All Ariens snowblowers, Power brushes and log splitters are backed by a 3-year limited consumer warranty and supported by an outstanding independent dealer network.

To get more information on Ariens® products.

Ariens commercial-duty cast iron gear cases last and last. It won't be needed but there's still an industry-leading 5-year warranty.

To make it the toughest, it's built with the toughest. All steel construction means long-lasting durability.

Financing available, ask your dealer.

**0%**  
\*No interest  
for 36 months.

\*Credit approval required. 36 monthly equal payments. Conditions may apply.

ARIENS

## ARIENS DELUXE BUILT LIKE NOTHING ELSE

Here is why our powerful two-stage design has unmatched performance and durability.

- 1 It's simply the toughest out there.** It has largest-in-class, 14-inch diameter, fully welded steel serrated augers driven by the largest shear bolts available. That means it can cut through even the iciest packed snow.
- 2 The guts give it the glory.** The Ariens unrivaled, heavy-duty cast iron gear case creates the industry's fastest auger ratio, which means it's moving a lot more snow in a lot less time. Plus, it'll take a beating and keep on throwing because it's engineered with an alloy steel worm gear design and high-end synthetic gear oil.
- 3 Move 30% more snow 100% of the time.** With the largest intake tunnel and impeller in its class, the Ariens Deluxe pulls snow in and shoots it out – fast. And it's freeze-resistant, so no matter how frigid the weather is, you'll keep blazing right through.
- 4 Power on and on and on.** The only dual belt auger/impeller drive system in its class propels snow up and out of the chute; powerfully and continually. That means sustained power, a longer belt life and no need for adjustments.
- 5 Be higher to go farther.** It can take in so much snow and shoot it out so fast that the angle of the discharge chute is higher so the snow can fly further – up to 50 feet. And the all-steel construction chute can take whatever is sucked up into it – wet snow, ice chunks, even debris – stuff that would tear a plastic chute to shreds.
